

***The promotional swing in Golf
2010***

The Swing in Golf Promotion 2010

- A wide range of high quality golf balls and golf accessories
- Top class imprint and embroidery possibilities
- "Solutions for all special requests"
- Quick deliveries and excellent service

Pantone colours:

Where pantone colours are required, these will be matched as closely as the printing process and surface allow.

Arworkcosts:

It is necessary that you deliver the logo in an EPS vectorised file. If you cannot supply us with a logo in this format, we may charge you with the artwork costs of € 75,- per hour.

Delivery time printed golf balls:

We always try our best to deliver printed golf balls in 2 weeks (leaving), but during the high-season (May to September) delivery time might be some days longer.

Rush order surcharge:

If a shorter delivery time is requested than specified in the price-list, a rush order surcharge may be charged.

Conditions:

Price:

We reserve the right to alter prices. All prices are per piece (unless otherwise indicated), in Euro, excluding taxes, excluding transport.

Delivery:

For golf balls approx. 2-3 weeks leaving, after receipt of digital artwork. For all other articles approx. 3-4 weeks leaving, after receipt of digital artwork (unless stated otherwise)

Wilson Titanium (18-ball Pack) € 0.80 / ball

This 2-piece low compression core ball gives distance and accuracy. The core gives explosive velocity off the club head.

Taylormade XD € 1.47 / ball

Taylormade's new blend of dimple sizes, edges and depths together promote more lift on off-centre hits.

Callaway Warbird Plus € 1.57 / ball

A faster softer core construction with HEX aerodynamics. Top 2- piece distance golf ball.

Nike NDX Heat € 1.36 / ball

Low Compression for managed response. Softened surlyn cover for enhanced controll. Play the ball and game with more energy.

Srixon Distance € 1.33 / ball

The Large, highly resilient Energetic Gradient Growth core and 420 dimples deliver high launch and true, penetrating ball flight for outstanding drives.

Pinnacle Precision € 1.11 / ball

This bal is designed to produce a flatter trajectory for long, straight flight while also providing soft feel and short game control.

Top Flite XL Distance € 0.85 / ball

Long and Strong. In White Large, High Energy Core: High ball speed to maximize distance accurate shots. Over a wide range of swing speeds.

Nassau QX € 0.95 / ball

Designed to provide a powerful carry for longer distance, shorter roll and more accurate shots. 6000 pieces in pms colour available.

Callaway Warbird Plus

A Faster softer core construction with HEX aerodynamics.

Callaway Solaire White

Power and soft feel for lower swing speeds.

Callaway Big Bertha Diablo

The best combination of feel and distance in a 2-piece golf ball Callaway Golf could make.

Callaway Solaire Pink

Power and soft feel for lower swing speeds.

Callaway HX Hot Plus

The Longest 3-piece golf ball in the Callaway Golf line-up is now even longer with better feel.

Callaway HX Bite

Distance and green-grabbing control.

Callaway Tour iZ

Callaway's longest tour ball even in the toughest conditions.

Callaway Tour iS

A short game weapon-maximum control and soft feel.

Top Flite XL Distance

Long and Strong. In White. Large, High- Energy Core: High ball speed to maximize distance over a wide range of swing speeds.

Top Flite XL Distance

Long and Strong. In Yellow. Large, High- Energy Core: High ball speed to maximize distance over a wide range of swing speeds.

Top Flite Gamer V2

Dimple in dimple Aerodynamics: Unique aerodynamic surface maintains spin longer throughout flight, increasing aerodynamic efficiency by reducing drag to maximize distance for a wide range of swing speeds. Soft, Thin, More Durable Cover: Provides superior short-game spin and feel for great control around the greens with better durability. High-Resilience Core with Better Feel: Provides outstanding distance while maintaining soft feel. DuPont HPF Mantle Layer: Increases ball speed and reduces spin off the driver to maximize distance.

Top Flite XL 7000 Super Long

Soft Core: Soft low compression rubber formulation Generates better feel around the greens and boost distance over wide range of swing speeds Thinner Lonomer Cover: Enhances feel and spin around the greens for better shot-stopping control Dimple in dimple Aerodynamics: High surface area coverage for maximum performance.

Top Flite XL Super Soft

Soft Core: With increased speed and better feel. Thinner, hot lonomer cover: Provides low spin and optimized launch performance for maximum distance and softer feel. Dimple in dimple Aerodynamics: High surface area coverage for improved performance.

Titleist® #1 ball in golf.®

Titleist Pro V1

Longer Distance. Improved Scoring Performance. More Durable. The Titleist Pro V1 golf ball utilizes a three-piece multi-layer construction to maximize distance, durability and performance.

Titleist Pro V1X

Longer Distance. More Durable. The Titleist Pro V1X utilizes a four piece dual core Construction that lowers spin and maximizes distance.

Titleist NXT Tour

The NXT Tour is longer with the driver and long irons, while maintaining soft feel and high performance control into and around the green.

Titleist NXT Extreme

The NXT Extreme golf ball is designed for golfers of all levels seeking Extreme distance without sacrificing soft feel and greenside playability.

Titleist PTS Carry

The PTS Carry golf ball combines new, large and soft core technology with a new, high lift 252 dimple design, delivering greater carry via higher ball flight for longer distance.

Titleist PTS Roll

The New PTS Roll golf ball combines new, soft and resilient core technology with a lower trajectory 392 dimple design, delivering longer distance via penetrating ball flight and greater roll.

PINNACLE

DISTANCE DOESN'T HAVE TO BE HARD™

Pinnacle Dimension

With its large, soft core and 3D thin lonomer cover, the Pinnacle Dimension is designed to provide long distance and straight flight with the driver and long irons, as well as soft feel and exceptional greenside control.

Pinnacle Gold Distance

This ball is designed to generate higher launch and trajectory for maximum distance and straight from tee to green.

Pinnacle Gold Precision

This ball is designed to produce a flatter trajectory for long, straight flight while also providing soft feel and short game control.

Pinnacle Ribbon White

Featuring a soft cover, faster core and traditional white cover, The new Pinnacle Ribbon is designed for longer distance, soft feel, consistent ball flight and outstanding control around the green.

Pinnacle Ribbon White

Featuring a soft cover, faster core and a new lavender pearl cover, the new Pinnacle Ribbon is designed for longer distance, soft feel, consistent ball flight and outstanding control around the green.

Wilson Staff

Wilson DX2 Soft Distance

The new DX2 Soft is a low 50 Compression 2-piece ball, designed for players looking to hit longer drives and minimize miss-hits. This ball carries the lowest compression of any distance Ball on the market.

Wilson DX2 Soft Women's

The new DX2 Soft is a low 50 Compression 2-piece ball, designed for players looking to hit longer drives and minimize miss-hits. This ball carries the lowest compression of any distance Ball on the market.

Wilson DX3 Soft Multilayer

The new DX3 Soft is a low 55 Compression 3-piece ball that generates longer distances off the tee and delivers minimal spin off the driver face but progressively higher spin rates on approach shots.

Wilson FG Tour Urethane

The new FG Tour is a low 75 compression 3-piece ball covered in a thin veneer of urethane to deliver maximum traction control for Iron and wedge shots. This ball is created for competitive players looking for Tour –caliber spin, maximum greenside control and excellent distance.

Wilson Titanium

This 2-piece ball is for the player who's looking for distance and accuracy. The super large core gives the explosive velocity off the club head. The titanium core gives improved speed at lower compression.

:: NIKEGOLF

Nike Tour D

This ball delivers superior length off the tee resulting in shorter approach shots into the greens, maximize distance without sacrificing feel and control.

Nike Tour

This ball delivers ultimate tour level performance—distance, accuracy, control and feel. Featuring 4-piece construction, Seamless urethane cover and power transfer technology.

Nike Vapor Speed

This ball is designed for the skilled game. Take advantage of multilayer construction, softened compression and power transfer technology to improve your performance and lower scores.

Nike Karma

This ball is designed for slower swings that need a lift. Bypass the bunker. Carry the creek. Find air through the trees.

Nike Crush

Designed to deliver explosive longer, straighter, performance for a wide range of swing speeds. Crush combines a lower compression optimized cover design to reduce side-spin.

Nike Power Distance Soft

Perfect for slower swing speeds and those who want overall softer feel. It has a low compression core and softened ionomer. Cover to provide longer distance with feel.

Nike Power Distance Long

Optimized for players with higher swing speeds and a booming drive. This ball features a high velocity core and dimple pattern to reduce drag for more distance off the tee.

Nike NDX Heat

Low Compression for managed response Softened Surllyn cover for enhanced control. Play the ball and game with more energy.

Nassau IF Pro Cyber

The NEWIF Pro Cyber is a high quality, high performance, professional golf ball. Increased velocity, spin performance, feel, durability and control makes this unique golf ball perfect for every golfer. Combines maximum distance and directional control from woods and long irons with feel and backspin control from short irons and wedges.

Nassau Pro Cyber

This 3-piece construction golf ball is a thin-covered ball, soft to the touch, offers high initial velocity, maximum distance potential, optimum flight and accurate control. According to test results from the USGA and R&A, our technology team in Seoul has succeeded in producing a golf ball that combines maximum performance and an absolute minimum loss in accuracy.

Nassau Tri Cyber

A 3-piece ball that combines maximum flying distance with a positive Balata-feel into and around the green. The perfect ball for the well-experienced golfer who likes to hit that backspin. Although this is a 3 piece ball, it is very durable.

Nassau Cyber

A 2-piece ball suitable for any golfer, whether used to achieve high velocity and long distance or maximize feel and performance control into and around the green.

Nassau Plus

Our popular and reasonably priced 2-piece ball. Enables the player to maximize flight distance and go straight for the green. This ball has proven durability, lasting more rounds without impact on performance.

Nassau QX

A truly reliable and durable 2-piece ball. Designed to provide a powerful carry for longer distance, shorter roll and more accurate shot. Available in white, orange, pink and yellow or in the PMS color of your choice*. (*at 6,000 pieces or more.)

Srixon ZSTAR

The Highly resilient Energetic Gradient Growth Core together with soft, thin urethane cover combine to generate superb distance with the driver and control on approach shots. Large dimples help provide a penetrating and stable ball flight in windy conditions which will allow you to play an aggressive game.

Srixon ZSTAR X

The Highly resilient Energetic Gradient Growth Core together with soft, thin urethane cover combine to generate superb distance with the driver and control on approach shots. Large dimples help provide a penetrating and stable ball flight in windy conditions which will allow you to play an aggressive game.

Srixon TRISPEED

Extremely soft yet highly resilient energetic gradient growth core formulation delivers explosive velocity. Soft and Resilient "Rabalon HR" blended ionomer cover and boundary layer provides responsive feel without sacrificing distance. Combined with the 333 dimple pattern produces excellent lift characteristics.

Srixon AD333

The enlarged core, made possible through thin-cover technology, provides greater ball speed, high launch, and low spin for increased carry and roll. The high-trajectory 333 dimple pattern with advanced aerodynamics produces a true, penetrating ball flight with a shallow landing angle in all wind conditions.

Srixon Soft Feel (Soft Feel Lady Ball available)

The more resilient core gets progressively softer towards its center while the Pana-Tetra® blended cover delivers greater ball speed and lower spin off the driver for incredible distance and an amazing soft feel. The higher trajectory and greater lift force make high, long ball flight effortless for golfers of all abilities.

Srixon Distance

The Large, highly resilient Energetic Gradient Growth core and 420 dimples deliver high launch and true, penetrating ball flight for outstanding drives. Light and responsive feel for harder drives, more distance and ultimate game improvement.

BRIDGESTONE GOLF

Bridgestone Tour B330

The new Tour B330 golf ball maximize tour caliber performance for highly skilled players with varying swing speeds Tour proven distance and precision control.

Bridgestone Tour B330-S

The new B330-S golf ball maximize tour caliber performance for highly skilled players with varying swing speeds Tour proven dist. added feel and control.

Bridgestone B330-RX

The new Tour B330 golf ball maximize tour caliber performance for highly skilled players with varying swing speeds Softest multi-layer urethane ball on the market.

Bridgestone e5, also available e6 & e7

The new e5 golf ball uses its unique 2-piece urethane cover construction to help golfers who have a desire to add more height to their shot trajectory.

PRECEPT®

Bridgestone Treosoft

This golf ball is optimized for moderate swing speeds for ideal deformation at impact for a greater energy transfer and longer distance.

Precept EV Extra Spin

This Precept ball features: Added control around the green, phenomenal distance and exceptional soft feel.

Precept EC Fuel

The EC Fuel offers high initial velocity for enhanced distance and piercing ball flight for accuracy. This ball is for players seeking long distance and affordability.

Precept Lady IQ Plus also available in White or Clear balls.

The softest Lady ball in the market. Softer touch with added control around the green.

TaylorMade Penta TP

The Taylormade Penta TP is the game's FIRST FIVE LAYER TOUR BALL, with each layer responsible for promoting optimum performance in one of the five key areas: Driver, long-irons, middle-irons, short-irons and wedge shot in scoring zone.

TaylorMade Burner TP

3-piece multi-layer construction promotes exceptional distance and amazingly soft feel. Features Low-Drag Performance (LDP), several dimple designs arranged in a low-drag symmetry maintain lift on low-spin, off-center hits and minimize distance loss.

TaylorMade Burner

2-piece construction delivers the soft feel of balata in a distance ball. Features Low-Drag Performance (LDP). 360 -dimple configuration limits drag for increased hang time and distance; and delivers extraordinary stability in crosswinds and headwinds.

TaylorMade XD

LDP Technology - Taylormade's new blend of dimple sizes, edges and depths together promote more lift on off-centre hits. Expanded Sweet spot - LDP forgives off-centre hits by delivering added lift to keep the ball airborne; effectively expanding the sweet spot.

Noodle+ Easy Distance

For Players with swing speeds less than 85MPH seeking increased ball speed and even a softer feel around the green.

Longer Distance for Slower Swings

Noodle NS2D

2-piece performance supreme Distance Golf ball (In recyclable packaging). This golf ball features a high initial velocity for supreme distance with low spin for straighter flight.

Luxury Individual Gift Boxes

Already the most used tool on all professional golf tours. A great gift to give and even better to get. This product was again one of the best sellers in 2009.

Original

- The most famous model.
- Made from steel and plastic.
- Magnetic ball marker.
- Available in black.

Tin box with clear lid.

Carbon finished box:

This carbon box was exclusive for Bentley in 2009. This is a real gift for the spoiled golfer.

New for 2010:

Very exclusief big round tin box with two extra ball markers.

Pitchfix Classic

Made from lightweight aluminium. Available in 12 colors. We think this is the best you can get.

Lightweight aluminium

Removable ball marker

New for 2010:

Very exclusief big round tin box with two extra ball markers.

Tin box with clear lid
